PREAMBLE

International Webinar on Azure Cloud and Data Warehousing was held on 22nd Sep 2020, during 6.30 pm. It was organized by the Department of Computer Applications, School of Computer, Information and Mathematical Sciences.

Mr. Prasanna Palepu, Azure Architect IT Manager, Cognizant Technology Solutions, USA. He is Cloud and Data Architect with 12.5+ years of hands on experience in Data Warehousing, Data Mart design/development along with reporting. He is a Certified Scrum Product Owner (CSPO).

The report discusses about the following aspects of the programme:

1. Course Content and Online Delivery Mode of the International Webinar on Azure Cloud and Data Warehousing
2. Online Participants Registration Process for the International Webinar on Azure Cloud and Data Warehousing
3. Certification for the International Webinar on Azure Cloud and Data Warehousing

4. Analysis of Feedback from participants for the International Webinar on Azure Cloud and Data Warehousing
5. Sample Screenshots taken during International Webinar on Azure Cloud and Data Warehousing

1. **Course Content and Online Delivery Mode of the International Webinar on Azure Cloud and Data Warehousing.**

This webinar provided the participants with increasing the present knowledge about Azure Cloud and Data Warehousing. **Azure** is a public **cloud** computing platform with solutions including Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS) that can be used for services such as analytics, virtual computing, storage and networking.

The participants were provided with the course content, code files and slides.

2. **Online Participants Registration Process for the International Webinar on Azure Cloud and Data Warehousing.**

The Brochure highlighting the necessary information about the International Webinar Azure Cloud and Data Warehousing was designed and circulated.

The Brochure is displayed below:

E-CERTIFICATES WILL BE PROVIDED

There was no **Registration Fee** for the participants attending International Webinar on Azure Cloud and Data Warehousing. Interested participants were requested to register their details in a Google forms which was shared through the link.

https://forms.gle/caM7yqpAvQrEU4es5

A total of 90 participants have registered for this event. 90 participants attended this International Webinar.

Summary of Participants	**Total No. of Institutions**	**10**
	Participants from other states in India	**6**
	Participants within TamilNadu	**70**
	BSACIST	**64**

The details of confirmed participants are given in **Annexure A**.

3. Certification for the International Webinar on Azure Cloud and Data Warehousing.

The certificate was made available to the active participants.

The sample certificate issued to the participants after the successful completion of online test is given in **Annexure B**.

4. Analysis of Feedback from participants for the International Webinar on Azure Cloud and Data Warehousing.

The feedback about the webinar was collected from the participants in order to improve the further conduct of these types of events.

Feedback Points	Analysis	Inference
How satisfied were you with the event?		70% of the participants were fully satisfied and 26% felt it was very good. Almost 96% of the participants are satisfied with the event.
How relevant and helpful do you think it was for your knowledge gaining?		The session was extremely relevant and helpful to 67% of the participants, and 27% of the participants felt it was very much helpful. Overall 94% participants gained knowledge through this event.
How satisfied were you with the session content?		68% of the participants felt the session was excellent and 28% felt good. Almost 96% of the participants were very much satisfied with the event.

How did you rate the overall assessment of the event?		70% participants felt it was very good. 30% of the participants felt overall event is very satisfactory.

The overall organization and deliverance was satisfying to 95% of participants. Also the session which was deliberated and given to the participants would be used for teaching hands on to the students as well as can be applied for the research work.
