Report on International Webinar Combining Business Analytics and Data Technologies in the Modern Workplace & Study opportunities in UK

23-06-2020

On 23, June 2020

Organized by Department of Computer Science and Engineering (SCIMS), BSACIST

In collaboration with

University of Stirling, UK

Webinar Co-ordinators	**Conveners**
Mrs. R. Akila , AP(Sr.G)/CSE	Dr. E. Syed Mohamed, Prof.&Head, CSE
Mrs. J.Brindha Merin , AP(Sr.G)/CSE	Dr. Venkatesan Selvam, Dean, SCIMS

PREAMBLE

The Department of CSE in association with University of Stirling, UK conducted the international webinar “Combining Business Analytics and Data Technologies in the Modern Workplace & Study opportunities in UK” for the 2020 and 2021 passed out batch students of BSACIST.

The key takeaways of the webinar are:

1. Opportunities in Analytics
2. Address the Skill Gap - Expectations and preparedness for UK higher education.
3. What is the value addition of a UK post-graduation degree for engineers

The University of Stirling, established in 1967 through a royal charter, is a reputable public university in Stirling, Scotland. Students can pursue both bachelor’s and master’s level programmes at the university's five faculties. The programmes cover diverse areas of education like accountancy, biology, business, computer

science, creative writing, media, and politics. The university received accreditation from the Association of MBAs (AMBA) and is affiliated to the Association of Commonwealth Universities (ACU). Notably, the university received five stars (the highest rating) in the university rankings given by QS World under five categories, including employability, teaching, inclusiveness, facilities, and internationalization, in 2016.

139 students from the department of CSE/BSACIST attended the webinar.

The speakers for the webinar were:

1. Dr Tom Kane, Senior Lecturer in Business Analytics in University of Sterling, UK
2. Mr. Nithi S, Executive Director, ScotsGrad
3. Mr. Kathiravan A, Executive Director, ScotsGrad

The speaker gave the presentation on

- Insight into the education system in UK and what criteria need to be met to be able to study in UK.
- The Skill assessment and how they would go about helping the students to select the course that would suit them best.
- How the university have alumni mentoring on our particular domain of interest and that the alumni will guide us on building our profile to land the university on the student shortlist.
- how the university can help and what facilities they offer to help the student in the getting into a good university in the UK.

The session ended with a question and answering session. Students discussed about

- Brixit and how it affects the students and education there.
- Scholarship and the internship facilities available.

Also the feedback about the session was collected from all the participants to improve the sessions that will be conducted in the mere future. Total number of participants is 139. The following are the details of the participants:
