## ACTIVE PARTICIPATION IN UBA

On world cancer day (04.02.2020). As a part of this we conducted an awareness programme for the **women** in the Karasangal Village adopted under the UBA programme. We also went on a rally with the students of the high school in karasangal and distributed pamphlets on cancer awareness given by the Adyar Cancer institute. We choose to do it for women because they feel shy to come out with health issues especially when it comes to breast cancer. The happiest part of the whole event was two women came forward to tell us they have symptoms and they need further treatment. One of our Alumni came forward to provide them with facilities to visit the Adyar Cancer Institute for further treatment.

On April 21, 2020, The UBA team of B S Abdur Rahman Crescent Institute of Science and Technology in association with the Crescent Alumni Association distributed provisions to the needy in the Karasangal village. More than 50 families who are dependent on their daily wages for their livelihood benefitted. I thank the association President Mr. Seshadrinathan and our coordinator Dr.Raja Hussain for their support. Thank our student **volunteer Ms. Sneha** for her efforts. This village is assigned to CSE dept and she is our second year student.
