

**7.2.6 a - Policy on divesting
investments from carbon-
intensive energy industries
especially coal and oil
(CIIC - Startups)**

Crescent Innovation and Incubation Council

Crescent Innovation and Incubation Council (CIIC) team along with their three incubated startups founders Mr.Mohideen (WeGOT), Mr.Devanand (Kankyo) and Mr.Benjamin (Farmagain) had visited Coastal Energen Private Limited (CEPL), Tuticorin. We had a elaborate discussion with Mr.Ahmed A.R. Buhari, Founder, President & CEO of CEPL along with their team on the implementation and synergy of the Startups technology within their industry. We already signed an MOU with them. Through this MoU CIIC start-ups will benefit from a launching pad/ supply chain connections in the CEPL's 1200 MW (2×600 MW) coal-based thermal plant- Mutiara Thermal Power Plant (MTPP) and implement relevant technologies developed by CIIC Startups.
