Feedback from the participants

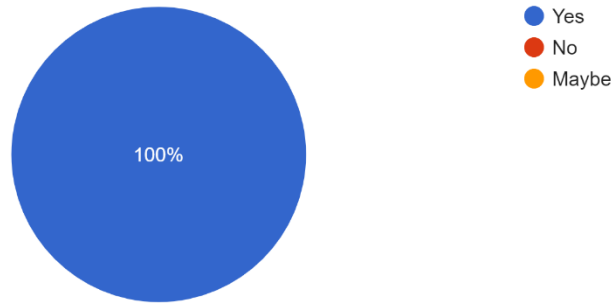

Was the webinar well organized?

40 responses

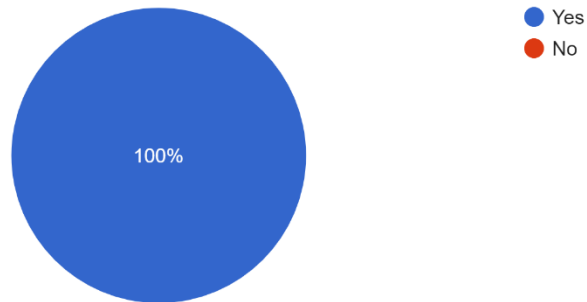

Would you recommend the same webinar to your friends?

40 responses

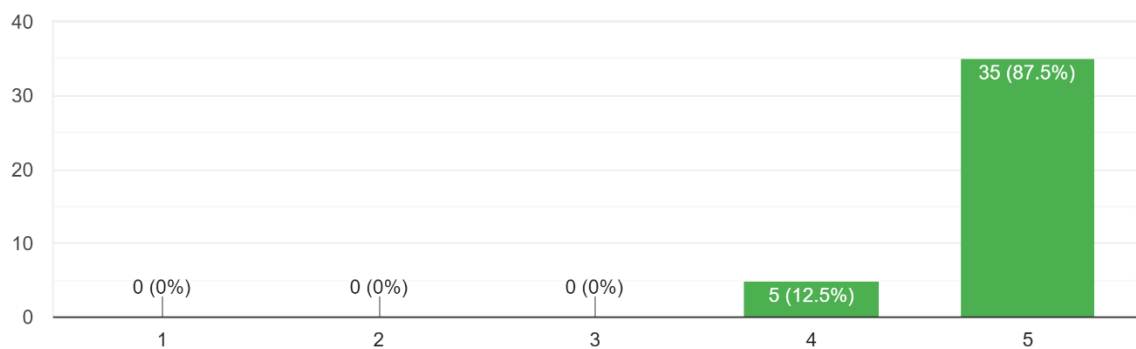

Did you learn new things about publication skills?

40 responses

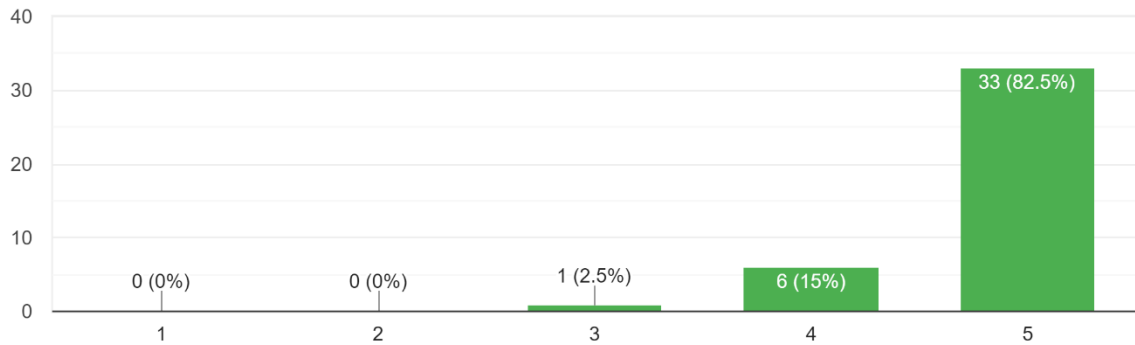

Was the resource person knowledgeable in the topic?

40 responses

Did the resource person satisfy your expectations on the topic of the Webinar?

40 responses

Anything that you could of be improved in this webinar for the future?

Good

Excellent

Webinar for writing book chapter

Everything is fine

I want to more on how to get rid of starting troubles in writing a paper first time. Since, whatever I write, the same words/sentences in the literature which I read come subconsciously. Tips to enrich our scientific vocabulary and writing skills.

SESSIONS RECORDED VIDEOS WILL HELP US FOR OUR FUTURE REFERENCE.

The webinar is elaborative and good. Not much improvement needed

It was good.

Yes, help to improve my article writing

I think it is well organized and resource person have deep knowledge in this field. His presentation is inspiring me a lot.

Writing results and discussion part of a paper could be discussed.

Need more informative sessions like this for further days to come

All my expectation is perfectly met

Well organized

Paper Reading Algorithm is really helpful. Idea about classical references also very much Helpful.

Further example required

Put subject wise research webinars like machine learning etc

Good exposure towards journal's expectations.

This way is very good

Two days this workshop can be conducted.

It looks great. Can continue in same fashion

Please mention the topics you would like the Dean Research Office to organize webinars on?

Software for plagiarism check

Types of research fellowships/grants provided at national and international available during and after PhD completion.

How to improve Research Thinking

Dos and don'ts while writing a research proposal, also a detailed session on how to use the software "Origin"

More details about impact factors, h index etc

Friction Stir Processing, friction welding, friction stir welding

R programming

How to publish the paper in minimum time period

Regarding Technical Writing Skill

grants. patents

Publication and patents

1) On delivering a good presentation.

Research paper presentations

RESEARCH METHODOLOGY

Thesis writing, what are the important things to be focused while writing thesis

Bigdata Analytics

How to approach journals for publications

How to approach editorial board

how to publish for patent and what's the benefit of patenting a work

Plant medicines and their publications

How to download Research articles from both paid and unpaid journals

Article writing

Using Mendeley or Endnote

Origin software

Fuzzy graph

Grants and exchange programme

1. Webinar on How to write Review Articles, 2. Webinar on how to write article each part like abstract, introduction, technical parts, Methodology, Results, Conclusion and References in a brief manner, and 3. about Novelty

Diabetes using machine learning

Tools for research work

Research in machine learning, data science etc

Special session on Journal publication with respect annexures given in our university website.

Selecting Journals

Employment of Molecular modelling techniques in drug discovery.

New software tool

Mendeley, origin, latex tool

IPR

Tools for writing paper, software's to check plag

Any questions you would like to ask the Research Strategist?

How to find the gap in research

How to search for national and international Research grants and fellowships

How to apply for grants which is better WOS or SCOPUS

Is it necessary that we should have paper in high impact factor journal for just fulfilling the Criteria of Phd in our institute?

Excellent webinar

Excellent

How to seek collaborative work

I would like to know more about your experiences while doing research. What are the problems you faced and how you tackled that?

BEST INTERNATIONAL JOURNAL FOR ECONOMICS

I would like to look through your presentation on abstract writing.

then and there we interacted with him and got the solutions from him.

How to go forward in actuarial field

Nothing, thank u for the wonderful session and informative

Everything is clear

Very well organised and presented

How to improve writing skills for research articles?

Our university should support financially to pay APC in many Q1 journals like other

Universities pay on behalf of scholars and the university is supporting faculties but not full-Time research scholars

Good Presentation

Informative session. Motivated me
