#### Research Advisory Committee

To render advice and guidance for future growth on research related issues to the top management, a "Research Advisory Committee" is constituted with experts from various research Institutes, Universities and Industries. The Vice-Chancellor of the Institution is the Chairman of the Committee. The committee provides policy guidelines and direction for the growth and development of research activities on Academic Research, Sponsored Research, Consultancy, Industrial Training etc. The scope of the activities envisaged for the committee include,

- To provide policy guidelines and direction for the growth and development of research activities.
- To advise on thrust areas and disciplines for introducing research programmes and related activities for future development in research.
- To suggest measures for improving existing infrastructural facilities both for academic and sponsored research and enhancing research ambience.
- To recommend projects suitable for an availing concession from State and Central Governments, if any.
- Any other related issues

#### Frequency of the Board of Management Meeting and Academic Council Meeting

- Meeting of the Board of Management
  - The Board of Management shall meet at least four times a year, with not less than 15 days' notice being given before every meeting of the Board of Management.
  - Attendance by more than one-half of the total number of members of the Board of Management shall form the quorum for a meeting.
  - In the absence of the Vice-Chancellor, the Pro-Vice-Chancellor shall preside over the meeting; and where there be no Pro-Vice-Chancellor in an Institution Deemed to be University, a member chosen by the other members present, shall preside over the meeting.
  - Every member of the Board of Management, including its Chairperson, shall have one vote and decisions at the meetings of the Board shall be taken by a simple majority, and in case of a tie, the Chairperson shall have a casting vote.

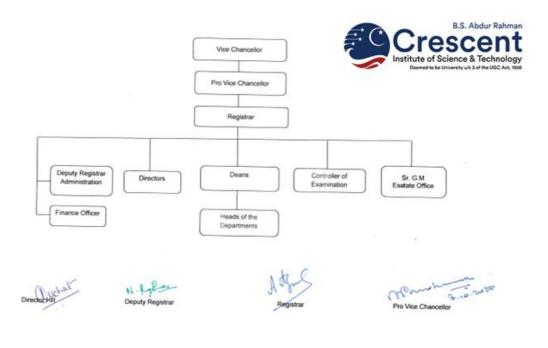

- Any business that may be necessary for the Board of Management to perform may be carried out by circulation amongst its members.
- A copy of the proceedings of each meeting shall be furnished to the Chancellor of the Institution Deemed to be University as soon as possible after the meeting.

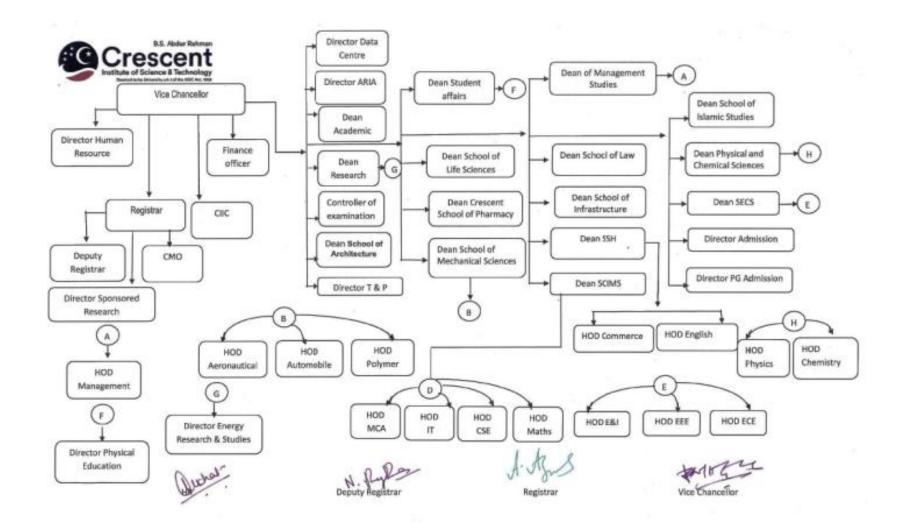

#### \* Meeting of the Academic Council

- The Academic Council shall meet as often as may be necessary but not less than three times during an academic year, with not less than 15 days' notice being given before every meeting of the Academic Council.
- One-third of the total number of members of the Academic Council shall constitute the quorum for the meeting of the Academic Council.
- Each member, including its Chairman, shall have one vote and decisions at the meetings of the Academic Council shall be taken by a simple majority, and in case of a tie, the Chairman shall have a casting vote.
- Any business, which it may be necessary for the Academic Council to perform, except such as may be placed before its meeting, may be carried out by circulation of the resolution.

#### > Organizational Chart & Processes

#### Nature and Extent of involvement of Faculty and Students in Academic Affairs/improvements

- This Institute defines and delegates the Academic, Administrative & Financial powers and involves the participation of all the stakeholders in order to achieve the vision & mission.
- The various authorities of the Institute viz., Dean (Academic Affairs), Dean (Research), Dean (Student Affairs), COE, School Deans, Head of the Departments, Directors etc., are suitably empowered to bring in positive changes, so as to achieve the target, within the framework.
- Empowerment of course teachers to design the course, choose the appropriate teaching pedagogy, select the correct rubrics for evaluation & award of grades is available.
  - In this Institute, the course teachers are empowered to frame the syllabus by considering the latest technological developments and requirements of the industry & society.
  - The same would be deliberated in the department meetings. Then, based on the consensus, the same would be presented to the School Level Advisory Committee and the respective Board of Studies (BoS) for approval.
  - Even after the approval of the Academic Council, the individual course teachers are empowered to change the contents of one module, based on the needs, after getting approval from the respective Chairman / BoS.
  - The same would be ratified in the subsequent BoS and Academic Council.

#### Financial powers to the staff in-charge of the laboratories

- The teacher-in-charge in charge of the laboratories is empowered and given suitable and appropriate administrative & financial powers to procure new equipment and maintain the same.
- While the respective Head of the Department prepares the department budget, he would consolidate the budget proposals of all the labs and present the same to the budgeting & cost committee and then for finance committee approval.

- The programmes to be offered in the ensuing academic year would be deliberated in the Meeting of all Head of the Departments, Deans and Directors in the presence of Director (Admissions), Registrar and Vice-Chancellor.
  - In this meeting, the respective school Dean will present the prospectus of introducing new programmes variation in the sanctioned intake for the next academic year.
  - All the changes in the Administration of the Research activities would be presented in the "Research Board" meeting by the Dean (Research), where all the School Deans are present.
  - Major policy decisions, amendments in the regulations, award of research incentives are discussed in the Research Board and approved by the Vice-Chancellor.

#### Review through Class Committee Meetings

- The IQAC system in this Institute is very active. In the pursuit of excellence, it periodically reviews the teaching-learning process, evaluation, assessment of learning outcomes etc. Based on the experience, the IQAC suggests and advocates newer methodologies and technology-based processes to enhance quality.
- The two effective review mechanisms of IQAC viz., Class Committee meeting and Academic Audit, are presented as two case studies.
- The class committee is viewed to be the fundamental building block of the IQAC system in this Institute, which regularly conducts review meetings, a minimum of three meetings per semester.
- An exclusive class committee will be constituted for each and every class of this Institute.
- The composition of the class committee includes all the course teachers offering courses in the said semester, six student representatives and a senior faculty member who is not offering any course in that semester, who will act as Chairman.

- The first meeting will be held within two weeks from the commencement date of classes. The nature of continuous assessment for various courses and the weightages for each assessment component will be decided for the first and second assessments.
- The course teacher has the freedom to assign rubrics for evaluation in consultation with the other members of the class committee.
- The assessment comprises of different components viz., written tests, mini project, assignments, seminar, case study, field study etc.,
- The second and third meetings will be held within a week after the first & second assessment reports to review the students' performance and follow-up action.
- During these meetings, the student representatives will meaningfully interact express opinions and suggestions to improve the effectiveness of the teaching-learning process.
- The fourth meeting of the class committee, excluding the student members, will meet within five days from the last day of the semester-end examination to analyze the students' performance and decide their grades in each course.
- The class committee would also look into the other aspects of the teachinglearning-evaluation process, including the infrastructure requirements, suggestion for new teaching pedagogy, course correction leading to the attainment of course outcomes etc.,

#### Review through DAAC & EAAC

- The Academic Audit system, another vital component of IQAC, reviews the teaching-learning-evaluation process and suggest corrective measures, leading to the attainment of course outcomes & programme outcomes.
- The two-tier academic audit system comprises of Department Academic Audit Committee (DAAC) & External Academic Audit Committee (EAAC).
- While DAAC comprises of senior faculty members of the department, EAAC consists of distinguished academicians from other premier institutes like IIT, Anna University etc.,
- The academic audit committees will review the course file, question papers, implementation of Bloom's taxonomy in the evaluation process, answer sheets, usage of various teaching pedagogies, the overall process leading to the attainment of course outcomes and hence, the programme outcomes.

- > Mechanism/ Norms and Procedure for democratic/ good Governance
  - The Board of Management (BoM) is the apex governing body, which sets the vision & mission of the Institute.
  - The Vice-Chancellor is the Chairman of the BoM.
  - In general, the BoM approves all the major policies and gives direction for implementation.
  - The BoM comprises of the members of the sponsoring society, eminent persons from the industry & academia, faculty members in rotation etc.,

Web Link: <u>https://crescent.education/wp-content/uploads/2022/03/MOA-Aligned-in-Accordance-with-UGC-13.01.2022.pdf</u>

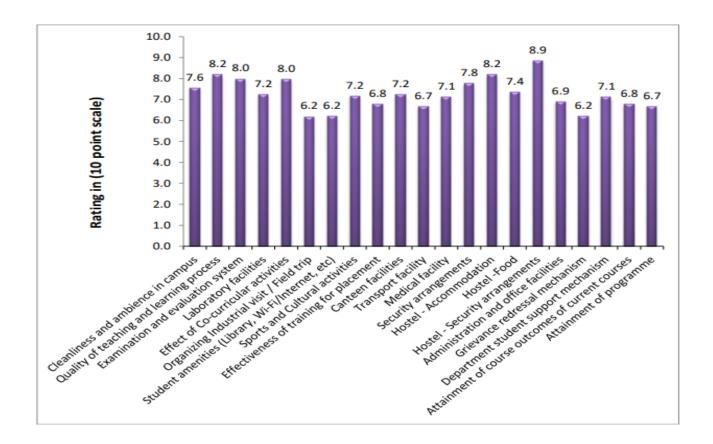

- As per the guidelines of statutory bodies and approval by the BoM, well-defined and disseminated service rules, procedures, recruitment & promotion policies are in place.
- The same is made available on the Institute's website for transparency.

Web Link: <u>https://crescent.education/wp-content/uploads/2021/01/HR-Manual-policy-NAAC-2021-1.pdf</u>

#### > Student Feedback on Institutional Governance/ Faculty performance

- Direct and indirect assessment methods evaluate the attainment of course outcomes.
- At regular intervals, the student feedback is collected about the course teacher and the course.
- Most programmes are offered and evaluated based on OBE and Continuous Improvement mode.
- The Institute and all the eligible programmes have been accredited
- Feedback from all the stakeholders, including Students, Parents, Alumni, Industry, Employers, Funding Agencies, Faculty are periodically obtained, and the feedback is embedded in the system

### Grievance Redressal Mechanism / Online Grievance Redressal Mechanism for students

Students' Grievance Redressal Cell is functioning in our Institute in the Electrical Science Block with Dr.S.Kaja Mohideen as the Nodal officer. Students having any Grievance on Academic matters may contact the Nodal Officer in person or drop a letter in the Grievance Box elaborating your grievance or submit your grievance **online through our Institute** website or email your grievance to students\_grievance@crescent.education.

#### Anti Ragging Cell

- Ragging has ruined countless innocent lives and careers. Therefore, to eradicate it, the Hon'ble Supreme Court in Civil Appeal No. 887 of 2009 passed the judgment wherein guidelines were issued for setting up a Central Crisis Hotline and Anti-Ragging database.
- In accordance with the orders, UGC (University Grants Commission), Govt. of India has instructed all the institutions to constitute an anti-ragging committee consisting of Deans, HoDs, students, Police officers, Collector, public servants.
- The role of the cell is to prevent the occurrence of ragging within and outside the Institution and punish those who indulge in ragging, in accordance with the Supreme Court Regulations.

- All students submit online affidavits through the website www.anti-ragging.in. In addition, on behalf of the Institution, the Dean (Student Affairs), the nodal officer, will submit a compliance report to UGC every year.
- Within the campus and hostel premises, banners are displayed about ragging and the actions taken by the Institution and government on those involved in ragging. In addition, separate complaint boxes are kept near the Basic Sciences and Management blocks.
- Our campus is a ragging free campus, and students are well disciplined. A cordial atmosphere is created within the campus, and parents are happy about it.
- Dr Karthikeyan Ramalingam (Student Affairs) is the nodal officer for the anti-ragging cell of our Institution. Any ragging complaints can be posted in the box provided within the campus or contact the nodal officer.

#### Internal Quality Assurance Cell (IQAC)

The Institution has a well-organized and active IQAC in place. After the first cycle of NAAC accreditation in the year 2014, IQAC was constituted as per the guidelines of NAAC.

The IQAC, as a quality enhancement body of this Institute, suggested several strategies in the areas of Teaching, Learning, Evaluation, Research, Co-curricular, Extra-curricular activities etc.,

#### VISION

To promote quality culture as the prime concern of Higher Education Institutions through institutionalizing and internalizing all the quality-enhancing and sustaining initiatives taken with internal and external support.

#### ✤ OBJECTIVE

The primary aim of the IQAC is

- To develop a mechanism to promote conscious, consistent and catalytic action plans to improve the academic and administrative performance of the Institution
- To promote institutional quality enhancement and sustenance through the internalization of quality culture and institutionalization of the best practices

#### ✤ STRATEGIES

IQAC shall evolve mechanisms and procedure for:

- Ensuring timely, efficient and progressive performance of academic, administrative and financial units;
- Adoption of relevant and quality academic and research programmes;
- Ensuring equitable access to and affordability of academic programmes for various sections of the society;
- Optimization and integration of modern methods of teaching and learning;
- Ensuring credible assessment and evaluation processes;
- Ensuring the proper allocation, adequacy and maintenance of support structure and services; and
- Sharing of research findings and networking with other institutions in India and abroad.

#### ✤ FUNCTIONS

Some of the functions expected of the IQAC are:

- Development and application of quality benchmarks;
- Setting parameters for various academic and administrative activities of the Institution;
- Facilitating the creation of a learner-centric environment conducive to quality education and faculty development to adopt the required knowledge and technology for participatory teaching and learning process;
- Collection and analysis of feedback from all the stakeholders on quality-related institutional processes;
- Dissemination of information on various quality parameters to all the stakeholders;
- Organization of intra- and inter-institutional workshops and seminars on qualityrelated themes and promotion of quality circles;
- Documentation of various programmes/activities leading to quality improvement;
- Acting as a nodal agency of the Institution for coordinating quality-related activities, including adoption and dissemination of the best practices;
- Development and maintenance of institutional database through MIS for the purpose of maintaining and enhancing the institutional quality;
- Periodical conduct of Academic and Administrative Audits along with their followup activities; and
- Preparation and submission of the Annual Quality Assurance Report (AQAR) as per the guidelines and parameters of NAAC.

#### ✤ BENEFITS

IQAC will facilitate/contribute to:

- Ensuring clarity and focus in the Institution's march towards quality enhancement;
- Ensuring internalization of the quality culture;
- Ensuring enhancement and coordination among the various units and activities of the Institution and institutionalizing all good practices;
- Providing a sound basis for decision-making to improve institutional functioning;
- Acting as a dynamic system for quality changes in HEIs; and
- Building a sound methodology for documentation and internal communication.

#### **IQAC Committee**

## Placement Facilities

BS. Abdur Rahman Crescent Institute of Science & Technology has an exclusive Placement and Training Cell headed by Dr K. Ganesh. The placement process begins with Pre-placement talks by companies, usually scheduled in August, and the placement process commences from September. Participation by a large number of reputed organizations year after year is a testimonial for the reputation of the Institute. The primary function of the placement office is threefold; the first and foremost is creating awareness about the placement process through a series of awareness programmes. The next task is to train them to face the forthcoming placement seasons through placement training through experts in the sector. The last but the most important function is to streamline the placement process as per the convenience of students and recruiters. An elaborate slotting criteria is used to slot the companies for the placement process.

#### ✤ VISION

• Enhance the employability skills among the students to meet out the corporate expectations

### ✤ MISSION

- To empower the youth by imparting Aptitude Skills, Soft Skills, Programming Skills and Technical skills and to provide them with Professional Leadership.
- To strive for quality and excellence in all its endeavours and achieve 100% Placement.
- To Network with Business, Industry and Research Organizations, Internships and Placement opportunities

### ✤ OBJECTIVES OF THE DEPARTMENT

- To impart all necessary Skills at UG and PG level and inculcate professionalism to suit the needs of the industry.
- To obtain Continual Improvement in students' placement in renowned IT, ITES, Banking and Core Engineering Companies.
- To enhance the employability skills of students through training and state-ofthe-art technologies.
- To supplement the academic input of students by way of Seminars, Conferences, Guest Lectures, Faculty Development programmes, Industrial Visits and In-plant Training.

#### 8. Profile of Vice-Chancellor

Name	Dr. A. Peer Mohamed
Date of Birth	10/01/1958
Unique ID	1-9503160195
Education Qualification	Ph.D.

## ✤ Work Experience

Teaching and Research	31 years
Industry	02 years

Area of Specialization	Yarn Engineering, Statistical Applications in Textile
	Engineering, Mechanics of Textile Structures

# \* Research guidance (Number of Students)

No. of Papers published in National/International Journals / Conferences	22
Master (Completed/Ongoing)	20
Ph.D. (Completed/Ongoing)	04
Projects Carried out	02
Patents (Filed & Granted)	01

# 9. Fee

## UNDERGRADUATE

S.No.	Name of the Programme	Tuition Fee per Semester (in Rs.)
1.	Polymer Engineering	75,000/-
2.	Civil Engineering	75,000/-
3.	Mechanical Engineering	1,00,000/-
4.	Electrical and Electronics Engineering	75,000/-
5.	Computer Science and Engineering	1,00,000/-

#### 11. Admission Procedure for Undergraduate Programmes

This policy states the guidelines and procedures to be followed in matters relating to the selection and admission of students in all UG programmes offered by various Schools and Departments. This policy complies with relevant UGC regulations.

B.S. Abdur Rahman Crescent Institute of Science and Technology practices a transparent procedure in the admission process.

The Institute is committed to providing accurate Programme and admissions information that is clear, comprehensive and easily accessible for applicants and the public. All the information are published on Institute Website. The information is updated whenever required.

The announcement of admission is made in the form of advertisements in leading newspapers regarding the start of the admission process to all UG programmes, and the same is notified on the Institute website.

Eligibility criteria and fee structure for the various programmes are displayed on the Institute website.

An online application facility is provided on the Institute website for all the UG programmes. Candidates can apply online through the Institute website.

## Eligibility

- B.Tech.
  - Admission to B.Tech. Degree Programme is based on the candidate's performance in the Crescent Institute Engineering Admission Test (CIEAT) and the qualifying examination. Candidates having JEE main score of 100 and above are exempted from CIEAT.
  - Crescent Institute Engineering Admission Test (CIEAT) is conducted in major cities all over India during the 4th week of April every year.
  - The result of CIEAT is published on the Institute website.
  - Candidates are called for counselling based on their merit in the CIEAT and the qualifying examination or JEE main score.

- Candidates should have passed the 12th standard examination conducted by State Board / CBSE / ISC or equivalent examination with a minimum aggregate of 50% marks in Mathematics, Physics and Chemistry.
- Candidates who have studied in Regular, Full time and Formal Education alone are eligible to apply.
- Age Limit: Candidates' date of birth should fall on or after 1st July 1998.
- English as one of the subjects of qualifying examination
- Mathematics, Physics and Chemistry as compulsory subjects
- Candidates completed A Levels, IB, STPM, HSC, WASSCE, NCEA Level 3, American High School Diploma, etc. with a minimum 50% aggregate or equivalent grade in Physics, Chemistry and Mathematics and a pass in English
- Candidates studied under the American High School system are eligible if the above courses have been studied in the 11th and 12th grades or 'AP' (Advanced Placement) courses

## B.Arch.

- Candidates for B.Arch. programme are selected through counselling based on the rank secured in the National Aptitude Test in Architecture (NATA) and the qualifying examination
- Candidates should have passed 10 +2 examinations (HSC/ CBSE /ISC etc.) or any equivalent examination with a minimum aggregate of 50% of marks in Mathematics, Physics and Chemistry. In addition, they should have studied English as a subject of study.
- The candidates should have a minimum score with a pass in NATA and a minimum aggregate of 50% marks in the qualifying examination.
- Age Limit: Candidates' date of birth should fall after 1st July 1998.

## Selection Procedure

Candidates are selected for admission to B.Arch. Programme based on their merit in Qualifying Examination (10 +2) and score obtained in NATA (National Aptitude Test in Architecture).

Note: NATA (National Aptitude Test in Architecture) is the entrance test conducted by the National Council of Architecture, INDIA.

## B.Des

- A Pass in Higher Secondary Examination conducted by State or Central Board of Secondary Education or equivalent examination in any stream with a minimum of 50% overall aggregate of marks
- The Institute conducts an entrance test to select candidates for admission to B.Des. programme.
- Candidates should have passed 10 +2 examinations (HSC/ CBSE /ISC etc.) or any equivalent examination with a minimum aggregate of 50% of Marks.
- The selection of candidates is based on the merit of the candidate in the entrance test and the qualifying examination.
- Age Limit: Candidates' date of birth should fall after 1st July 1998.

## Selection Criteria

- Students without maths and science marks are also eligible
- Candidates should pass the entrance exam conducted by the Crescent School of Architecture.
- English as one of the subjects of qualifying examination
- Candidates completed A Levels, IB, STPM, HSC, WASSCE, NCEA Level 3, American High School Diploma, etc., with a minimum 50% aggregate or equivalent grade.
- Candidates studied under the American High School system are eligible if the above courses have been studied in the 11th and 12th grades or 'AP' (Advanced Placement) courses.

#### 12. Admission Procedure for Postgraduate Programmes

This policy states the guidelines and procedures to be followed in matters relating to the selection and admission of students in all PG programmes offered by various Schools and Departments. This policy complies with relevant UGC regulations.

B.S. Abdur Rahman Crescent Institute of Science and Technology practices a transparent procedure in the admission process.

The Institute is committed to providing accurate Programme and admissions information that is clear, comprehensive and easily accessible for applicants and the public. All the information are published on Institute Website. The information is updated whenever required.

The announcement of admission is made in the form of advertisements in leading newspapers regarding the start of the admission process to all PG programmes, and the same is notified on the Institute website.

Eligibility criteria and fee structure for the various programmes are displayed on the Institute website.

An online application facility is provided on the Institute website for all the PG programmes. Candidates can apply online through the Institute website.

## > Eligibility

## M.Tech. Programmes

- Bachelor's degree in the relevant Engineering programme.
- Selection of candidates for admission to M.Tech. Programmes are based on the merit of the candidates in the Entrance Examination conducted by the respective departments or any other Nationally Recognized Entrance Examination.
- Selection is through counselling based on the rank secured in the Entrance Examination and their merit in the qualifying examination.
- Candidates having valid GATE scores are admitted directly.

M.Tech. Programmes	Eligibility for Admission			
<ol> <li>Structural Engineering</li> <li>Construction Engineering and Project Management</li> </ol>	B.E. / B.Tech.in Civil Engineering / Structural Engineering or Equivalent			
1. CAD – CAM 2.Manufacturing Engineering	B.E./B.Tech.in Mechanical /Auto / Manufacturing / Production / Industrial / Mechatronics / Metallurgy / Aerospace / Aeronautical / Material Science / Marine Engineering or Equivalent			
Polymer Technology	B.E./B.Tech. in Polymer / Plastics / Rubber Technology/ Material Science and Engineering Or M.Sc. Chemistry / Applied Chemistry / Material Science or Equivalent			
Power Systems Engineering	B.E. / B.Tech.in EEE/ECE/EIE/I&C/ Electronics / Instrumentation or Equivalent			
1. Communication Systems 2. VLSI and Embedded Systems	B.E. / B.Tech. in ECE / /EIE /ICE /EEE/ Electronics or Equivalent			
Computer Science and Engi neering	B.E./B.Tech. in CSE/IT/ECE/EEE/EIE/ICE/Electronics / MCA or Equivalent			
Information Technology	B.E. / B.Tech. in CSE/IT/ECE/EEE/EIE/ICE/Electronics/ MCA or Equivalent			
Biotechnology	B.Tech / B.E. in Chemical Engineering, Biochemical Engineering, Industrial Biotechnology, Leather Technology, B.Pharm Or M.Sc., in Biotechnology, Life Sciences, Botany/Zoology, Biochemistry, Microbiology, Genetics			

# MBA

- Candidates with any UG degree from UGC recognized Universities and Institutions.
- To be considered for selection, the student should have either appeared for Management Aptitude Test (MAT), Institute Aptitude Test or any other nationally recognized entrance test.
- Selection is based on the combined scores obtained by the candidate in the entrance test, degree marks, group discussion and personal interview.

## MCA

- Bachelor's Degree in Computer Applications / Computer Science/ Information Technology.
- The selection of candidates is based on their performance in the qualifying examinations and Institute Entrance Exam.

## 13. Admissions Procedure for International Students

## Categories of International Students

- Foreign Students: Students holding passports issued by foreign countries, including People of Indian Origin who have acquired the nationality of foreign countries, are included as international students.
- PIO and PIO CARD HOLDER (Persons of Indian Origin): A person whose ancestors were an Indian national and presently holding another country's citizenship/nationality, i.e. he/she has a foreign passport. A person registered as a PIO cardholder under MHA's scheme vide notification No 26011/4/98-F. I dated 19.08.2002 falls into this category.
- Overseas Citizen of India (OCI): A person registered as Overseas Citizen of India (OCI) under section 7A of the Citizenship Act.
- Non-Resident Indian (NRI): An Indian citizen residing outside India and holds an Indian Passport. Only those Non-Resident Indian students who have studied and passed the qualifying examinations from schools or colleges in foreign countries will be included as international students. This will include the students studying in the schools or colleges situated in foreign countries even if affiliated to the Boards of Secondary Education or Universities located in India, but will not include students studying in those schools or colleges (situated in India) and affiliated to the Boards of Secondary Education or Universities of the foreign countries. Students passing the qualifying examinations from Boards or Universities located in foreign countries as external students and dependants of NRI studying in India will not be included as international students.

### Direct Admission

• International candidates can apply directly through the international category for admission to all the UG and PG programmes.

## ✤ Eligibility

- International candidates should fulfil the following minimum eligibility criteria to seek admission under the international category.
- For International candidates: English as one of the subjects in the qualifying Examination.
- Candidates should have completed 12 years of schooling (equivalent to 10+2 system of Indian education) with Physics, Chemistry, Mathematics/ Biology as compulsory subjects. In addition, the candidates should have a minimum average of 50% marks in Physics, Chemistry and Mathematics / Biology.
- Candidates whose date of birth should fall on or after 1st July 1998 are eligible to apply.
- For candidates having NRI status, the Sponsorship should be given only by the parent (either father or mother ONLY) living abroad or by the county government. Sponsorship by a relative/friend is not acceptable.

#### Documents Required for International & NRI Admissions

- VISA
- All the international students will require a student visa endorsed by this Institution for joining full-time courses. No other endorsement is acceptable. The visa should be valid for the prescribed duration of the course.
- A visa is not required for NRI students. Persons of Indian Origin (PIO), Overseas Citizen of India (OCI) who possess either OCI (Overseas Indian Citizenship) or PIO cards do not require Indian Visa. OCI and PIO card gives them the freedom to visit India without a visa. OCI and PIO cards are multi-purpose lifelong visas for visiting

India. However, those PIOs who do not have PIO or OCI cards have to apply for a student visa.

- NRI candidates should produce the Employer Certificate of the sponsor either Father or Mother.
- Application form with all details furnished.
- Photocopies of the following
  - NRI bank account passbook (front page photocopy)
  - Passport copy of the parent having NRI status.
  - Passport copy of student (except for NRI-S candidates)
- Equivalence Certificate issued by the Association of Indian Universities (AIU)
- NRI Status Certificate in respect of father/mother.
- Certificates of Educational Qualifications 10th Std/12th Std/Degree/Transfer Certificate / Migration Certificate (as applicable to a specific programme).
- Medical Fitness Certificate
- Undertaking duly Countersigned By Parent/Guardian.

## 14. Admission, Transfer and Change of Course, Refund Rules, Reservation Policy

#### Admission, Transfer and Change of Course

Admission to various programs will be subject to verification of facts as in the original certificates /documents of the candidates. Management reserves the right to cancel admission if any discrepancy is noted, even at a later point any time after the admission. Such a decision will be final and binding on the candidate.

Admission offered to a candidate who has been provisionally admitted to a programme will stand cancelled if he/she does not submit the relevant documents in original pertaining to admission (such as Mark Sheet, Transfer Certificate, Migration Certificate and Conduct Certificate, etc.) to the concerned Admissions Officer before the stipulated date. In addition, an international student who has been granted admission to a particular course shall not be allowed to change the course subsequently.

It is the responsibility of the candidates to ascertain whether they possess the requisite qualification for admission. Suppose the candidates furnish mark sheets of the qualifying examination only in grades. In that case, the minimum marks pertaining to the grade obtained in the course will be considered while determining the marks in science subjects.

#### Refund Rules

- Refund will be made as per the norms of UGC.
- All refundable deposits will be returned, after deductions, if any, at the time of completion of the course or on cancellation of admission.
- Refunds will be made only after submitting the original fee receipt, Provisional Admission Letter, and No Dues Certificate.

#### Reservation Policy

The Institute follows the Reservation Policy of UGC.

### > Online examination facility (Number of Nodes, Internet bandwidth, etc.)

The Institution has **24 servers**, **60 workstations** and **1500 desktop clients**. For the First Year students, a common computing facility for those who want to browse the Internet beyond department working hours, a separate facility is provided with 70 systems, in addition to the campus wide WIFI connectivity. The Internet Bandwidth in the campus is 100 Mbps on 1 Gb National Knowledge Network (NKN) with WiFi over 3500 mts Optic Fibre Cable (OFC). A Central Data Centre with eight numbers of the state-of-art high-end two-processor, Quad-Core Blade and Rack Zeon servers and SAN storage of 10 TB with virtualisation and management software at the cost of Rs 100 lakhs, connecting the entire campus, is established.

B.S. Abdur Rahman Crescent Institute of Science and Technology is an ultimately ICT enabled Institute, and everything related to the examination system is run through ICT.

The Flow of the examinations system as enumerated below

- Students Enrolment
- Course Registration
- Attendance Marking and Report Generation
- Internal Marks Capturing
- Internal Marks Generation
- Fee Payment for the Semester End Examination
- Hall Ticket Generation
- Semester End Examination mark capturing
- Result Processing (Relative Grade Generation)
- Result publication
- Mark Sheet Generation
- Consolidated Mark sheet Generation
- Provisional Degree Certificate generation
- Degree Certificate Generation

IT integration has automated the entire examination system with features reckoned below:

- High accuracy
- Speeded up the entire process
- Huge Data backup

- Normalization of data to avoid issues related to redundancy
- Interconnected Modules

At the same time, the system has configured a Self Service portal for all stakeholders (students and colleges principal, Departmental Heads) for smooth holding of ICT enabled examination process.

### Reforms in the Examination procedures and process

ONLINE Proctored Examination through CodeTantra Platform has been conducted from August 2020 to August 2021.

The online proctored examination system enables remote proctors to view the students in real-time via live video, screenshot and audio feed while the examination is in progress. The video and screenshots are saved on the servers for audit and playback later. The Proctors have control over the student examination by pausing, continuing or ending the examination as and when required. The remote proctors can even view the exam screen in real-time. A detailed report is available, along with the activity logs to track the performance of individual students.

The Institution has 24 servers, 60 workstations and 1500 desktop clients. For the First Year students, a common computing facility for those who want to browse the Internet beyond department working hours, a separate facility is provided with 70 systems, in addition to the campus wide WIFI connectivity. The Internet Bandwidth in the campus is 100 Mbps on 1 Gb National Knowledge Network (NKN) with WiFi over 3500 mts Optic Fibre Cable (OFC). A Central Data Centre with eight numbers of the state-of-art high-end two-processor, Quad-Core Blade and Rack Zeon servers and SAN storage of 10 TB with virtualisation and management software at the cost of Rs 100 lakhs, connecting the entire campus, is established.

### Hostel Facilities

The institute has excellent hostel facilities and infrastructure within the campus that make students feel comfortable and at home. There are men's hostels which can accommodate up to 1500 students. It has a secure women's hostel which can accommodate up to 500 students. Four well-constructed, state of the art buildings, complete with lifts, form the new hostel block. The men and women hostels have their own mess, where the students are offered a choice of both vegetarian and non-vegetarian food. The separate room and tariff is available for the international students.

- 24 Hours power back-up through central power distribution system
- Separate dining hall for Veg & Non-Veg
- Mess Food with HALAL Certificate & FSSAI License.
- Reading Room
- Recreation Hall with DTH facilities
- Mosque/Prayer Hall
- GYM
- Computing Facility
- Swimming Pool
- Elevator facility
- WIFI connectivity
- CCTV Cameras
- Water Treatment Plants
- RO Drinking water
- Outdoor /Indoor sports facility
- Solar water Heaters
- Laundrette Service.

## > Library

- The Central Library is working from 08.00 am to 12.00 Midnight.
- The library is also functioning on Saturdays and Sundays.
- Digital Library of the Institute is functioning by 24/7.
- The Library has huge collections of books, journals, non-book materials, etc. in the discipline of Engineering, Technology, Pharmacy, Law, Management, Science, and Humanities.
- Library Online Public Access Catalogue (OPAC) can be accessed through the internet. Hence, our user community can access the catalogue from anywhere at any time. Books transactions are done from 8.30 am to 11.30 pm.
- The Library is member of
  - DELNET (Developing Library Network),
  - o MALIBNET (Madras Library Network),
  - British Council Division, Chennai
  - o American Information Resource Centre, Chennai and
  - Structural Engineering Resource Centre (CSIR-SERC), Chennai.

The Library is also a member in National Digital Library (https://ndl.iitkgp.ac.in/) (NDL). All our staff, students and research scholars have enrolled their membership to access the huge resources, offered by NDL, freely.

## The Library subscribes following e-Journals through eShodhsindhu

(http://ess.inflibnet.ac.in/).

- o ASCE
- o ASME
- o IEEE
- o EBSCO Art & Architecture
- o ProQuest
- Supreme Court Cases
- Royal Society of Chemistry
- o SPRINGER
- o All India Reporter

- All these e-Journals can be accessed anywhere anytime through 'remote access'.
- Our Institution has signed MoU with Shodhganga (http://shodhganga.inflibnet.ac.in/) to upload PhD theses into the repository, as directed by UGC.
- Department Library is exists in all the schools and departments for immediate reference by their staff and scholars.
- Our Institution has taken right measures to make the campus as 'Plagiarism free' for its scholarly communication. The Library also been provided Turnitin software to check plagiarism.
- Institutional Repository (IR) is made available at Central Library. Dspace, an open source software has been used for this purpose. eBooks, project reports, lab manuals, etc. can be accessed through IR by our user community.
- Library conducts 'Annual Book Exhibition', regularly, which enable our staff, research scholars and students to go through hundreds of titles of their area of interest under one roof.
- Additional membership card is issued to the topper in university exams (per student, per class), as a token of appreciation. The student(s) can borrow book against this card in addition to their regular membership cards.
- The Central Library has its own portal to know the entire details of library such as working hours, collections, details on e-journals, online courses, OPAC, open access journals, staff details etc. the portal can be access through institute home page http://bsau-library.blogspot.in/.
- The library is also equipped with Educational Audio & Video Cassettes, CD ROMs, Back Volumes, Project Reports / PhD thesis etc. A number of guides are available in reference section for preparation of competitive exams like GATE, Civil Service Exam, TOEFL, GRE, GMAT, Defense Service exam and similar exams.

The Library conducts 'orientation program', regularly on Library systems and services, eresources, remote access, etc. for effective utilization.

### Laboratory and Workshop

List of Major Equipment/Facilities in each Laboratory/Workshop

#### S. Name of the Major Equipment Available in the Laboratories No. Marshall's Stability Test Apparatus 1. 2. **Ductility Testing Machine** Bitumen Extractor/ Centrifuge Extractor 3. Laboratory Concrete Mixer 40L Capacity 4. 5. Rapid Chloride Ion Permeability Apparatus 6. Acceleration Corrosion Test 7. Concrete Permeability Apparatus With Compress meter 8. Data Acquisition System Hydraulic Jack Double Acting With Power Pack Assembly 9. **Digital Compression Testing Machine** 10. **Planetary Mortar Mixer** 11. Sieve Shaker Motorized With Adapter 12. Hot Air Oven 13. Flow Table Motorized For Concrete 14. Key Sight 34450a 5 1/2 Digital Multimeter 15. 16. Key Sight Power Supply 17. Core Cutter Key Sight Digital Multimeter 18. Profoscope 19. Flame photometer 20. Double beam UV- VIS Spectrophotometer 21. Digital Triaxial Equipment with software 22. 23. Field Vane Shear Test Apparatus

## **Department of Civil Engineering**

24.	Consolidation Test Apparatus with all accessories
25.	Compaction Apparatus consisting of proctor mould and rammer
26.	Direct Shear Apparatus with all accessories and set of weights (Motorised)
27.	Standard Penetration test apparatus (Split spoon sampler, Drop hammer, Guide assembly, Tripod stand, Extension rods*)
28.	Compression Testing Machine
29.	Vibrating Machine
30.	Table Vibrator
31.	Los Angeles Abrasion Testing Machine
32.	Deval Attrition Testing Machine
33.	Torsion Test on Rods
34.	Impact Testing Machine
35.	Rockwell / Brinell Tester
36.	Universal Testing Machine 40T
37.	Spring Testing Machine
38.	Universal Wood Testing Machine
39.	Sieve Shaker Motorised(Ro-Tap)
40.	Aggregate Crushing Mould
41.	Rockwell / Brinell Hardness Tester
42.	Flow Table Test Apparatus
43.	3000 Kg Capacity Compression Testing Machine
44.	100 Kg Capacity Platform Weighing Scale
45.	Hydraulic Manual Stacker
46.	FIE automatic load rate control electronic UTM double shear Test Attachment
47.	Single Acting welded Type Hydraulic cylinder 80X50X10
48.	Electrically operated hydraulic power pack
49.	5 t hydraulic actuator push and pull
50.	Horizontal shake table & Experimental Models
51.	Data Acquisition Systems
52.	Vibration Analyzer Software

# AICTE - Mandatory Disclosure

53.	Servo - hydraulic activator with a standard two-column fixed loading frame.
54.	Concrete Pan Mixer
55.	Data logging and signal conditioning system with load cell and LVDT
56.	Bentley Maps – GIS Mapping Software
57.	Bentley Maps – GIS Mapping Software (License Renewal)

	SOFTWARE
1.	Primevera P6 (ORACLE)
2.	Stadd pro (BENTLEY)
3.	CostX - (INFINITY PMC)
4.	IonCuDOS (Ion Idea)
5.	MS Project
6.	ANSYS 13
7.	RIVET 2018
8.	AUTOCAD 2018
9.	3D Studio Max 2018
10.	NAVIS WORKS

Major equipment of Civil Engineering Lab

### **Department of Mechanical Engineering**

S. No.	Name of the Major Equipment Available in the Laboratories
1.	Coordinate measuring machine
2.	Form talysurf (surface roughness tester)
3.	Lab view software (vision system) – (60 seats)
4.	Basler monochrome camera (ccd) with accessories
5.	Basler monochrome camera (cmos) with accessories
6.	Tool maker's microscope
7.	Autocollimator
8.	Surtronic - 10 (portable surface roughness measuring instrument)
9.	Profile projector – (magnification 10x, 20x)
10.	Baker mercer electronic equipment with 490 axial electronic probe
11.	Conventional measuring instruments
12.	Refrigerated air drier
13.	Friction coefficient test rig (chase type) heavy duty model 200 kg capacity with pin on disc attachment.
14.	Folding machine
15.	Melting furnace
16.	Ador welding machine (5 nos.)
17.	Power hack saw machine
18.	Manual metal arc welding, gas tungsten arc welding and gas metal arc welding set up
19.	Vibration measuring equipment (exciter, accelerometer, NI DAQ, impact hammer)
20.	Cam analyzer
21.	Governor apparatus
22.	Whirling shaft apparatus
23.	Dynamic balancing machine
24.	Motorized gyroscope
25.	Four bar mechanism

26.	Slider crank mechanism
27.	Elliptical gear trains motorized
28.	Compound gear motorized
29.	Ansys academic multiphysics campus solution (10 research / 100 teaching
30.	Ls-dyna – 2 nos.
31.	Altair hyperworks - 250 units
32.	Ptc/creo - 500 nos.
33.	Mat lab 2013a – 100 users
34.	Acer computers – 65 nos.
35.	20 kva ups – 2 nos.
36.	Bench lathe (7 nos.)
37.	Gedee weiler centre lathe (4 nos.)
38.	Mahavir centre lathe (3 nos.)
39.	Enterprise centre lathe (2 nos.)
40.	Gedee weiler capstan lathe(2 nos.)
41.	Accurate –automatic lathe
42.	Universal milling machine
43.	Vertical milling machine
44.	Radial drilling machine
45.	Slotting machine
46.	Cylindrical grinding machine
47.	Surface grinding machine
48.	Shaping machine (2 nos.)
49.	Eifco pillar drilling machine
50.	Electro discharge machining
51.	Computers (40 nos.)
52.	Multicylinder 4 stroke petrol engine

r	
53.	Single cylinder water cooled diesel engine
54.	Vapour absorbtion refgeration system
55.	Refrigeration test rig
56.	Air conditioning test rig
57.	Engine analyser set up
58.	Twin cylinder diesel engine
59.	Lagged pipe apparatus
60.	Exhaust gas analyser
61.	Stefan boltzman apparatus
62.	Thermal conductivity of metal rod apparatus
63.	Critical heat flux apparatus
64.	Guarded hot plate apparatus
65.	Shell and tube heat exchanger
66.	Absorbtion refrigeration system
67.	Multi cylinder petrol engine
68.	Single cylinder two stroke petrol engine
69.	Transient heat transfer apparatus
70.	Ge fanuc programmable logic controller
71.	Ni labview 8.2.1 and ni labview 2013
72.	Ni 6009 – general purpose daqs 4 nos
73.	Ni 9213 – 16 channel thermocouple daqs
74.	Ni 9237 – 4 channel strain daqs
75.	Ni elvis ii+ - circuit design bundle
76.	Cdaq – compact daq chassis – 5 nos
77.	Festo pneumatic trainer kit festo pneumatics & hydraulics simulation software.
78.	Agilent digital storage oscilloscope with GPIB interface
79.	Pneumatic trainer kit.

80.	Kristler accelerometer (broad band).
81.	Friction factor test rig
82.	Minor loss test rig
83.	Venturimeter and orifice-meter
84.	Jet pump
85.	Constant speed centrifugal pump
86.	Submersible pump
87.	Pelton turbine test rig
88.	Flow through v-notch
89.	Flow through orifice
90.	Flow through mouthpiece
91.	Reciprocating pump
92.	Jet on vanes
93.	Nx cad-cam – 30 users
94.	3d- printer – olivetti s2
95.	Batli boi – cnc turning centre model: sprint 16tc
96.	Cnc vertical machine centre model: bhv35 tc 20
97.	Wear and friction monitor
98.	Salt spray chamber
99.	Shimadzu semi micro balance
100.	Liquid phase reactor setup
101.	Indfurr non ferrous furnace
102.	Image analyzer with microscope
103.	Cryogenic chamber
104.	Muffle furnace - heavy duty
105.	Rockwell superficial hardness tester (2 nos.)
106.	Ultrasonic flaw detector

107.	Hydraulic specimen mounting press (2 nos.)
108.	Specimen polishing machine
109.	Specimen cut off machine (2 nos.)
110.	Belt grinder machine
111.	Double disc polisher
112.	Binoculer metallurical microscope (6 nos.)
113.	Spring testing machine
114.	Impact testing machine
115.	Torison testing machine
116.	Hardness testing machine

Major Equipments of Mechanical Engineering Lab

S. No.	Name of the Major Equipment Available in the Laboratories
1.	Vaccum Oven
2.	Auto Clave Unit
3.	Electronic balance
4.	Fully Automatic Injection Moulding Machine
5.	Semi-Automatic Injection Moulding Machine
6.	Blow Moulding Machine Fully Automatic
7.	Universal Testing Machine (UTM) – 5T
8.	Hand Injection Moulding Machine
9.	Single Screw Extruder
10.	Two Roll Mill (Hot)
11.	Compressor (.75 HP)
12.	Hydraulic Press
13.	Vacuum infusion kit
14.	Two Roll Mill (Cold)
15.	Melt Flow Index Tester
16.	Falling Dart Impact Tester
17.	Shore Hardness Tester
18.	Environmental Stress Creaking Resistance Tester
19.	Izod Impact Tester
20.	Compression set apparatus
21.	Din Abrader Tester
22.	Dematia Flex Tester
23.	Brook Field Viscometer
24.	Rebound Resilience Tester
25.	Dielectric Strength Tester
26.	Heat Distortion Temperature Unit
27.	Electrochemical Work Station

## Department of Polymer Technology

28.	Glove Box (For Battery Studies)
29.	Oscillating Disc Rheometer
30.	Vacuum pump
31.	Milling Unit
32.	Jaw Crusher Unit
33.	Ball Mill
34.	Packed Bed & Fluidized Column
35.	Dynamic Mechanical Analyzer (DMA
36.	UTM – 250N
37.	Electrospinning Unit
38.	Box Furnace
39.	Tubular Furnace
40.	Hot Press
41.	Optical Microscope
42.	UV – Spectrophotometer
43.	Electronic Weighing Balance
44.	Hot air oven
45.	Vacuum oven
46.	Photo Resist Spinner(Spin coating unit)

Major Equipments of Polymer Engineering Lab

S. No	Name of the Equipment	Make
1	Turbo Jet Engine	Orpheous
2	Piston Engine	-
3	Subsonic Wind Tunnel (2x2 Test Section; 40 m/s flow speed)	Sunrise Technologies
4	Beech Bonanza A35 Aircraft	-
5	Magnetic Deflectoscope	Aeolus Aero Technologies
6	Eddy Current Tester	Vibrant NDT Services
7	GNAT Aircraft	-
8	Photo Elastic Apparatus	Aeolus Aero Technologies
9	MIL Standard 1553B Card	Blue Sky Aviation
10	Water Flow Channel	Unique Lab Equipments
11	Propeller Performance Test Rig	Unique Lab Equipments
12	CATIA 3D Experience Software	Dassault Systems

Aerospace Engineering Workshop

S.No.	Name of the Major Equipment Available in the Laboratories
1.	Gas Analyzer - Manatec-ECO Gas
2.	Engine Analyzer - BOSCH, KTS 540
3.	Wheel Alignment Apparatus B W
4.	Start-up System Training Panel - Volkswagen
5.	Charging System Training Panel – Volkswagen
6.	Gasoline Engine Electronic Control System Training Panel - Volkswagen
7.	Shock Absorber / Coil Sprint Test Rig with Data Acquisition System
8.	Leaf Spring Test Rig Hydraulic Loading with Data Acquisition System
9.	Four Stroke Four Cylinder Diesel Tata Engine Cut-section Model
10.	Gas Analyser - AVL 444 5
11.	Four Strokes Single Cylinder Diesel Engine with Eddy Current Water Cooled Dynamometer Kirloskar Engine
12.	Four Stroke Four Cylinder Petrol Engine Trainer kits
13.	Four Stroke Four Cylinder Diesel Engine with Eddy Current Dynamometer - Dost 1 TDCR Engine
14.	Smoke Meter - AVL-437C
15.	Four Stroke with Twin Cylinder Diesel Engine – Kirloskar Engine
16.	Four Stroke Four Cylinder Petrol Engine Trainer kits with Hydraulic Dynamometer
17.	Fuel Pump Calibration Machine

## Department of Automobile Engineering

Automobile Engineering Workshop

### **Department of Electrical & Electronics Engineering**

S. No.	Name of the Major Equipment Available in the Laboratories
1.	DC Shunt motor with generator set
2.	DC Shunt motor with series generator set
3.	DC compound motor with generator set
4.	DC Shunt motor
5.	DC Series motor
6.	Rectifier
7.	AC Panel board supply and election of cubied types switch board.
8.	DC Panel board supply and election of cubied types switch board.
9.	Computer Control Module for DC shunt motor
10.	Computer Control Module (AC) frequency converter.
11.	DC shunt motor with generator set
12.	USB-6341,x series multi function DAQ
13.	Static converter system for electric machines work bench
14.	MI Power software
15.	High Voltage test set up for tracking resistance set up
16.	Dielectric strength tester
17.	20 KVA UPS System
18.	PCB Fabrication With Software
19.	DSPACE - ACE 1104 PCIE-CLP-USB consisting of hardware DS1104 CONTROL BOARDS MP8240, POWER PC 6032 CORE
20.	Multiple Storage Oscilloscope
21.	Flux Reversal Generator
22.	Programmable logic controller without demo panel

S.No	Name of the Major Software available in the Laboratories
1	Mi Power 10.0
2	Dspace
3	CST Microwave Studio 2013
4	Ansys 2014 Ver:15.0.0
5	Siemens- PLC Ver 12-6 nos Ver 13-6 nos
6	LABVIEW 2012 Ver: 12.0.1
7	MATLAB 2013a
8	CYME – v5.0 Rev. 8
9	MICROTRAN v3.22 (EMTP)
10	PSIM 7.0
11	MAGNET v6

Major Equipments of Electrical & Electronics Engineering Lab

## **Department of Electronics & Communication Engineering**

S.No.	Name of the Major Equipment Available in the Laboratories
1.	Vector signal generator -3GHz
2.	Agilent Vector Network Analyser-(30kHZ-9GHZ)
3.	PCB-Milling Machine
4.	Ni 9792- Programmable Real Time Controller With Integrated WSN Gateway And Webserver
5.	NI/myRIO
6.	NI-cRIO 9039 Compact RIO controller
7.	NI/USRP-2920
8.	16ch MSO, Digit prediction Multimeter, 20MHz Arbitrary waveform generator and 15v dual power supply total 4.5lakhs
9.	ZED Board
10.	MSO & 15MHZ Arbitrary Waveform Generator
11.	NI/ELVIS II Kit(5) & Multisim
12.	Microwave and RF training kit
13.	NI- Compact Vision Systems

S.No.	Name of the Major Software available in the Laboratories
1.	Cadence software
2.	Ansys HFSS Software with RF design tool
3.	Circuit simulation software (Multisim)
4.	NI Labview
5.	ORCAD Pspice & PCB Lay out
6.	IE3D Antenna Simulation Software
7.	Xilinx Vivado software
8.	MATLAB

**Electronics & Communication Engineering Lab** 

## **Department of Electronics & Instrumentation Engineering**

S.No.	Name of the Major Equipment Available in the Laboratories
1.	Quanser Equipment Qube
2.	Three tank interacting level process system
3.	Smart pressure calibrator
4.	Microprocessor based universal temperature calibrator
5.	Two interacting conical tank system
6.	Multifunction calibrator
7.	Distributed Control Systems
8.	pH Control system
9.	Programmable Logic Controller (Simatic)

**Design Models** 

Bamboo Workshop

## Computing Facilities

This Institute has been following the policy of establishing a distributed computing facility for each department with an adequate number of servers and client computers and specialized software required for the department and available software. All the departments and laboratories, including hostels, are connected by a one-gigabyte campus-wide fibre optic network. The Institution has **24 servers**, **60 workstations** and **1500 desktop clients**.

For the First Year students, a common computing facility for those who want to browse the Internet beyond department working hours, a separate facility is provided with 70 systems, in addition to the campus-wide WIFI connectivity.

A **Central Data Centre** with eight numbers of the state-of-art high-end twoprocessor, **Quad-Core Blade and Rack Zeon servers** and **SAN storage of 10 TB** with virtualization and management software at the cost of **Rs 100 lakhs**, connecting the entire campus, is established.

## Internet Bandwidth

Internet bandwidth capacity is available to us through RailTel from 255 Mbps to 1Gbps, making it on par with our primary connection (BSNL - 1Gbps) to ensure smoother operation.

## Crescent Innovation and Incubation Council (CIIC)

Crescent Innovation and Incubation Council (CIIC) (www.ciic.ventures) were established at a sprawling 25000+ sq. ft of space for an immediate jumpstart in September 2018. CIIC was incorporated as a separate legal entity, i.e. 'Section-8 not for profit company' in March 2019, per the government norms for Incubation Centres. CIIC is a Technology Business Incubator based out of B B.S.Abdur Rahman Crescent Institute of Technology, Vandalur Chennai.

Since its inception, CIIC has strived to be at the forefront in the incubation arena. They provide state-of-the-art facilities and high throughput technologies in Industry 4.0, Life Sciences & Mobility and Transportation by establishing Centre of Excellence (CoE). This CoEs supports cutting edge techniques and technologies to start-ups& business coaching and mentoring to ambitious entrepreneurs. Networking with professionals from industries and academia gaining backing from the corporates and investors are the few core strengths of CIIC for their start-ups to venture to the ensuring phase of their businesses.

We aim to convert more students into entrepreneurs and at the same time facilitate ideation stage start-ups in the ecosystem to accelerate them to the growth stage at a rapid pace. Our thrust areas are Life Sciences, Industry 4.0 and Mobility Transportation which are also the core economic sectors for Tamil Nadu.

We have received various Government grants from BIRAC, SISFS, EDII and GITA. CIIC has currently incubated 100+ start-ups and has been acting as a "One Stop Shop – Technology Business Incubator (TBI)" for start-ups in the field of Life Sciences, Industry 4.0 and Mobility and Transportation. CIIC aims to support & render start-up into a profitable entity through the mission statement called Triple 'M' – Market, Money and Mentor, transforming innovation into scalable business models with high productive impact, encouraging interdisciplinary advancement nationally and internationally. The European Commission recognizes CIIC for collaborative projects and soft landing of start-ups. 10+ full-time teams administer CIIC with industry backgrounds to support start-ups. Atal Ranking of Institutions on Innovation Achievements (ARIIA), Ministry of Education, Gol has ranked BSACIST under Band A (6-25) through the support of CIIC. Also, BSACIST has received a 5-star rating for Institutional Innovation Council, Ministry of Education, Govt. of India within a year of operation.

## \* Extra-Curricular Activities

#### Crescent Indian Society Training Development

Starting in 2006, the organization acts as a governing body for a range of clubs and activities. Over the years, the number of clubs that come under ISTD-C has only increased. At present, we have eleven clubs catering to various needs. The presence of one unifying body, such as ISTD-C, helps develop unity between multiple clubs and eases communication. All significant events conducted have been under ISTD-C for more than a decade, and it has somewhat become an identity to many alumni. The legacy carried by ISTD-C goes beyond Crescent.

College life is not simply about studying and achieving the top rank. Although attaining knowledge and wisdom is the primary aim of going to college, people tend to forget the saying, "All work and no play makes Jack a dull boy". Extra-curricular activities are just as important as studies for someone's growth, both as a student and individual. It would also help to have something out of the ordinary on your resume, which would, in turn, provide you with an edge over your peers for the foreseeable future. Crescent has always equally emphasized both studies and extra-curricular activities. The purpose of ISTD-C is to find a club filled with like-minded people for every other interest or hobby you may have, who will help you share, learn, relearn, and grow in this respective area. So, students are given this opportunity to rekindle lost interests and excel in them by joining a club.

## Clubs under ISTD-C

- Crescentia Oratory Club
- Crescent Silambam Club
- Crescent Literary Society
- Crescent Arts Club
- Crescent Music Team
- Crescent Club of Photographers
- Crescent Team Dramatix
- Crescent Media Club
- Crescent Dance Club
- Crescent Philately Club
- Crescent Fashion Team

## Skill And Personality Development Programme Centre (SPDC)

The Institution has created a Skill and Personality Development Programme Centre (SPDC) as a central facility that will conduct skill and personality development training to benefit SC/ST students of our Institution. AICTE sponsors the SPDC under the AICTE Quality Improvement Scheme (AQIS) for 2019-2020. This scheme provides an opportunity for SC/ST students in the Institute to reorient and empower themselves in the light of emerging employment opportunities at all levels.

#### Objectives of SPDC:

- To provide training, support and guidance for SC/ST students of various disciplines on the international level.
- To empower the SC / ST students by training them in skills like personality development and soft skills to compete with the other students for industrial employability opportunities.
- To improve the skills of SC / ST students by facilitating them to enhance their academic knowledge in emerging areas.
- To inculcate the skill sets like Communication, Problem-solving, Creativity, IT skills, and Teamwork.
- To organize open house events and competitions among students.

#### 17. List of Research Projects/ Consultancy works

Sponsored research is a significant strength of an institution. Adequate research infrastructure facilities are essential to conducting research in thrust areas of societal needs. The state of art facilities is being created with the help of funds from major funding agencies such as DST, DBT, CSIR, DRDO, MoIT, MoEF, DAE-BRNS, etc. The contribution by the Crescent management. Realizing the importance, a separate Center for sponsored projects and consultancy has been created in B.S.Abdur Rahman Crescent Institute of Science and Technology. The present Director of the center is Dr T.Harinarayana. The centre has identified more than 60 funding agencies for sponsored projects. The centre facilitates the faculty to execute sponsored research, Industrial Consultancy, collaborative research and other revenue generation schemes with reputed institutions. Through such innovative suggestions and ways, Crescent faculty responded with nearly double the number of project proposals submitted worth about 20 crores during 2017-18. A workshop to promote sponsored projects, writing skills on a research paper, IPR, etc., has been organized during March and Aug. 2018. More workshops are being planned for all the new faculty and the faculty writing proposals for the first time. This will further promote sponsored research and sponsored projects. This also helps our young students with innovative ideas and paves a way to file patents, which helps start Start-up companies.

#### > Publications (if any) out of research in last three years out of masters projects

A significant number of papers based on the research and project works have been published by the faculty members and the students in International Journals and National Journals. Apart from these, they also present papers at International Conferences and National Conferences.

Web Link: https://crescent.education/research/about-us/journals-publications/

#### > Industry Linkage

#### Industry Institute Partnership (IIP)

To promote the IIP coordination and improve the industrial consultancy following activities are taken up by all the departments.

- Arranging industry visits to students and faculty
- Taking up industry-oriented applied projects for final year UG and PG students
- Inviting industry experts to deliver lectures in symposia, seminars and conferences organizing exhibitions/model contests/competitions to showcase the efforts taken up by the students
- Signing MoUs with industries and organizations for fruitful interaction
- Conducting training programmes for industry personnel and providing certificate courses
- Taking up consultancy services, testing support, product development and troubleshooting work for industries and so on

There are 37 MoUs signed by various departments from the inception of this Institution to strengthen the interaction and research promotion with the following objectives. (see MOU)

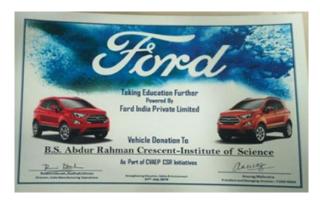

#### Industry Connect

#### Industry Body Collaboration

M/s. Ford India Private Ltd has donated the Ford Eco Sport hybrid model manufactured in their US-INDIA plant to Crescent University, based on the request of IIPC Cell. This car was designed by the Ford team from Brazil and made in the USA, and we aim to make it a driverless car.

#### MoU with Industries

MoU between CIIC & Brigade REAP

Date: 17.12.2021

Brigade REAP, Asia's first real estate accelerator programme, has entered into a Memorandum of Understanding (MOU) with Crescent Innovation and Incubation Council (CIIC), a renowned technology business incubator based out of BS Abdur Rahman Crescent Institute of Science and Technology (BSACIST) in Chennai to foster research and the development of start-ups in the field of Proptech.

Through this MoU, Brigade REAP will be responsible for introducing the concept of Proptech to CIIC's students and faculty through webinars, hackathons and other activities. In addition, CIIC will provide Brigade REAP access to start-ups, students, faculties, and related stakeholders. The MoU aims to identify at least three promising ideas in the Proptech space, which can be scaled into profitable businesses. The first Accelerator programme in the sector was launched at BS Abdur Rahman Crescent Institute of Science and Technology, Vandalur, Chennai, in the presence of the WS Habib, Director-General of United Economic Forum and past president of CREDAI Chennai, John Kuruvilla, Chief Mentor-Brigade REAP, Arif Buhary Rahman-Chancellor, BSACIST, Abdul Qadir Abdur Rahman Buhari, Pro-chancellor, BSACIST and M Parvez Alam, CEO & Director-CIIC.

#### MoU between BSACIST & TNPESU

Date: 07.08.2021

BS. Abdur Rahman Crescent Institute of Science and Technology signed a Memorandum of Understanding with Tamil Nadu Physical Education and Sports University. Our BSACIST students can utilize the coaches for their training and other sports-related activities. Also, it will help our students to shine and achieve an elite level in sports and games. In the part of Research activities, our students can learn Sports Management, Sports Biomechanics, Exercise Physiology, Sports Technology and Sports Psychology through the TNPESU professors.

MoU between CIIC & IIT Madras Incubation Cell

Date: 31.03.2021

IIT Madras Incubation Cell (IITMIC) and Crescent Innovation and Incubation Council (CIIC) signed a Co-Incubation Memorandum of Understanding (MOU) on Wednesday, 31st March 2021, at IITM Research Park, Chennai.

IITMIC and CIIC recognize the importance of making successful entrepreneurs in India. Through this MoU, IITMIC extends holistic support to strengthen the incubation ecosystem at CIIC and provide co-incubation support to select CIIC incubatees to scale and make a national impact. In addition, IITMIC will provide training mentoring, enable networking and amplify the reach of the start-ups to investors, industry and potential market.

Speaking on occasion, Prof. Ashok Jhunjhunwala, Co-Chairman, IITMIC, said, "Tamil Nadu has to be the leader in incubating technology companies. IITM Incubation Cell has already marked incubating 220 companies valued at ₹11,000 Crores. But the potential for TN is much larger. IITMIC needs to do more. It is now partnering with other institutes for promoting entrepreneurship. The beginning is being made by partnering with Crescent Innovation and Incubation Council. We are sure we will together create a large number of successful entrepreneurs."

"From two years of inception, CIIC has incubated 75 start-ups in the domains of Life Sciences, Industry 4.0 & Mobility & Transportation. We offer start-ups with a Triple 'M' strategy, i.e. Market, Money & Mentor. Our start-ups cumulatively have raised Rs.5 Crores of government seed fund and Rs.40 Crores of private/angel VC investments. Our collaboration with IITM Incubation Cell will accelerate our start-ups to become the unicorns of Tamilnadu soon," expressed Mr M.Parvez Alam, CEO, CIIC.

MoU between CIIC & Tagore Group of Institutions

Date: 15.03.2021

Tagore Group of Institutions (TGI) registration status (hereinafter referred to as "TGI" which expression shall unless repugnant to the context or meaning thereof be deemed to mean and include its successors and assigns of "TGI" represented by the Chairperson, Managing Director-Trustee, Tagore Educational Trust, ( Group of Institute as per the Annexure) of the SECOND PART.

CIIC and TGI are individually referred to as "Institute" and collectively as "Institutes".

MoU between BSACIST & Skill Shark Edutech Pvt. Ltd.

Date: 24.08.2021

## M1. MEMORANDUM OF UNDERSTANDING

M1.1. This MEMORANDUM OF UNDERSTANDING (MoU) is made and entered into force this date 24/08/2021 between, SKILL SHARK EDUTECH PVT. LTD., (3-7-68/6P, Bandlaguda Rd, Sai Sapthagiri Colony, Mansoorabad, Hyderabad, Telangana 500068) herein after referred to as "SKILL SHARK" which expression shall where the context so admits include its successors and permitted assigns as one part.

#### MoU between BSACIST & Infosys

Date: 27.11.2021

#### Memorandum of Understanding

This Memorandum of Understanding (this "MOU"), dated as of 11/27/2021is made by and between Infosys [including its subsidiaries and Affiliates] a company registered under the laws of India and having its registered office at [ at Plot No. 44 & 97A, Electronics City, Hosur Road, Bangalore: 560 100, India] (collectively with its affiliates "Infosys") and B.S. Abdur Rahman Crescent Institute of Science and Technology (including its subsidiaries and Affiliates) with its registered office at B.S. Abdur Rahman Crescent Institute of Science and Technology, Seethakathi Estate, Grand Southern Trunk (GST) Road, Vandalur, Chennai 600048 Tamil Nadu India (collectively with its subsidiaries and Affiliates "B.S. Abdur Rahman Crescent Institute of Science and Technology") Both parties hereto collectively referred to as the "Parties" and individually as a "Party". The Parties hereby agree as follows for leveraging Infosys Springboard platform for B.S. Abdur Rahman Crescent Institute of Science and Technology's Staff and their students for their Learning, Teaching needs.

In alignment with the Infosys' ESG Vision 2030, the initiative for enabling digital skills at scale, Infosys Springboard, has been identified as a flagship intervention to empower people, communities, and society. Through this initiative, Infosys plans to empower over 10 million people with digital and life skills by 2025. The reach will include students across India in the age group of 10-22 years as well as lifelong learners.

**Infosys Springboard** is powered by Infosys Wingspan, our integrated digital learning and collaboration platform and includes learning content developed by Infosys and leading content providers, spanning digital and emerging technologies and life skills. For a holistic learning experience, the platform has technology and soft skills playgrounds, programing challenges and social learning features.

The program is led by a dedicated team of experts collaborating with the Education Training and Assessment (ETA) department, NGO partners, and established networks of identified educational institutions. To reach the target of 10 million+ learners in the next five years, Infosys Springboard is collaborating with educational institutions leveraging Infosys' Campus Connect and Catch Them Young programs, together with conducting master classes and competitive events on the platform. Soon, Infosys Springboard will be available in major Indian languages.

Infosys Springboard opens innumerable opportunities for all learners to learn and know the intricacies of Digital Learning world at "free of cost" as part of Infosys' CSR initiative.

Students and the Teaches/Professors can learn 21st century digital skills related to Digital skills, Project management skills, Stress management skills, Cyber security, spoken English, soft skills workshops, spoken-English and financial literacy etc.,

Younger Students can benefit from gamified coding platform including Scratch an open-source platform created by MIT USA.

College students have access to quality content in professional programming, Playgrounds for all emerging technologies, domain skills, project management skills from leading content providers in the world. They also have access to certification programs which will improve their employability with the companies across India who are registered with NASSCOM.

#### 19. Accounted audited statement for the last three years

Web Link: https://crescent.education/mandatory-disclosure-2/audit-accounts/

## 20. Best Practices adopted

#### **BEST PRACTICE – 1**

#### ✓ Title of the Practice

• Research Incentive Scheme for the Members of the Faculty

#### ✓ Objectives of the Practice

This Scheme covers all faculty members of this Institute. Objectives of the Scheme envisage, in particular :

- To motivate faculty members to concentrate on research, to publish articles in indexed journals with impact factor
- To write books monographs for publication by reputed publishers
- To establish collaborative research projects with reputed foreign Institutions
- To submit proposals and secure funded research projects from various funding agencies in India and Abroad
- To undertake consultancy projects sponsored by Government, Private, Industrial and other organizations to encourage creativity, so that they make original contributions for patents, products, concepts etc.,

#### ✓ The Context

- This Institute was essentially a teaching institute during the first 25 years of its existence (as an affiliated Engineering college)
- Once it started functioning as a "Deemed to be University", one of the major objectives set was to become a "Research Intensive University."
- Accordingly, several new measures have been initiated to promote the various dimensions of research activities.
- One such initiative is "incentivize the faculty members" through cash awards & certificates.
- In addition, it is also made clear to the faculty members that the output of research contribution need not lead to publication alone. Hence, the other possible outcomes of research work include obtaining research grants, publication of books, book chapters, research monograms, a collaborative research project with a foreign university, grant of patents & industrial consultancy.
- Thus, a cash award as high as Rs. 30 000/- per credit is earmarked.

#### ✓ The Practice

• A detailed scheme is prepared and disseminated to all the faculty members to maintain transparency.

#### ✓ The Scheme

- The Calendar year is the period for calculating the credits
- For each credit earned, a sum of Rs.30,000/- will be awarded. For fractional credits, Rs.30,000/- will be proportionately awarded.
- If more than one faculty member is involved, they will share the amount.
- The appropriate claim form has to be submitted countersigned by the HOD and Dean of the school.

#### ✓ Research Publication

- The publications will be considered only if indexed in Web of Science or Scopus.
  - If SNIP < 1.00 0.50 credit
  - If SNIP > 1.00 < 2.00 0.75 credit
  - If SNIP above 2.00 1.00 credit
- Credit points will be shared by all the authors equally

# ✓ Collaborative Research Project with Foreign University/ Agency

- For a Collaborative research project with the tangible outcome: 2 credits
- The Research Board shall endorse the tangible outcome
- Credits will be shared among the participating faculty members

#### ✓ Generation of Research Grants

- The number of credits earned (details furnished in the annexure) will be linked to the total amount of research grants sanctioned by the sponsoring agency.
- Since the amount is being released in phases, the incentive(s) paid is also proportional to the amount received by the Institution.
- Credit points for the year under consideration = (amount received in the year/ Total amount sanctioned) x (credits for the total amount approved)

#### ✓ Patents Obtained

- Faculty members obtaining patents for their original contribution from International and National agencies are eligible.
  - International agencies: 5.0 per patent
  - National agency : 3.0 per patent

## ✓ Undertaking Consultancy Projects

- No resources of the Institution utilised : 70% to staff & 30% to Institute
- If resources of the Institution utilised : 60% to staff & 40% to Institute
- The resources of the Institution include all laboratory facilities, computing facilities, drafting and others.

#### ✓ Evidence of Success

• The quantum of research output in terms of publications, funded projects, consultancy, patents, etc., and the number of faculty members pursuing quality research is increasing.

SI.No.	Year of Award	No, of Faculty Members	Total Amount in Rs.
1.	2009-10	14	1,73,445
2.	2010-11	19	2,22,086
3.	2011-12	31	3,83,875
4.	2012- 13	56	7,33,280
5.	2013- 14	59	5,61,063
6.	2014- 15	63	6,27,300
7.	2015- 16	67	8,35,049

- The Scopus h-index of this Institution is currently 47, which has increased from 11 in 2008. The average citation index is 5.667
- The total number of publications (as of 23-Sep-19) is 4,986. Total publications for 2019 is 275
- The average Impact Factor is 1.805
- All these research outcomes indicate that the motivation of faculty members to pursue quality research, through cash awards/incentive & certificates, have yielded positive results both to the Institute and to the faculty members.
- When the Scheme was introduced, the incentive award per credit was Rs. 15,000/-. Starting from 2017, the incentive amount has been revised to RS. 30,000/- per credit

# ✓ Problems Encountered and Resources Required

- When more than one faculty member is involved in a research activity, and the same has been applied for research incentives, equal sharing of credits among them may not be acceptable to everyone.
- Some members wanted to allocate more than 50% credit to the first author / principal investigator. In the case of funded projects, the total grant may not be released in the same financial year, as the tenure of the research project may extend to more than one year.
- The interpretation of "tangible outcome" concerning a collaborative research project with a foreign university by the research board may not be acceptable to everyone.

- As the money realized through the research incentive scheme increases, a separate budget provision is required.
- As this Institute is a self-financing one, additional budget allocation for the procurement of high-end research equipment is required. However, R & D budget allocation for each & every department of this Institute is available.
- The State & Central governments can extend financial support to private institutions that perform quality research and have valid accreditation. The same can be monitored also.

## **BEST PRACTICE - 2**

#### ✓ Title of the Practice

• Project-Based learning (a Novel Teaching Pedagogy to enhance the attainment of Learning Outcomes)

#### ✓ Objectives of the Practice

The major purpose of the teaching-learning process is to attain almost 100% of the Learning Outcomes. To achieve the same, the course teacher would practice several teaching pedagogies and evaluate the attainment through various modes of assessment. One such pedagogy is "Project-Based Learning (PBL)".

The primary objectives of PBL include,

- To ensure the maximum attainment of learning outcomes
- To make the students do "hands-on", related to the topic of discussion To experience failures and to find out the ways to overcome the same To guarantee fairness in the assessment process

## ✓ The Context

 Once this Institute started practising "Outcome Based Education", one of the significant challenges was to identify an "effective teaching pedagogy" and a "fair assessment procedure."

- Accordingly, several teaching pedagogies, including conventional blackboard teaching, smart classroom, PBL, self-learning, peer-assisted learning & flipped classroom, have been discussed.
- In addition, the challenge of fair evaluation is doubled, as the higher-order thinking skills of Bloom's Taxonomy need to be tested.
- Under these conditions, a pedagogy that involves a clear cut understanding, appreciation of the knowledge, application of the skill, effective usage of the concept, facing the failures etc., becomes the need of the hour.
- The rubrics for evaluation also need to be furnished before assigning the task.
- With this background, it has been decided to execute PBL in at least one/two courses per semester, as it requires a certain amount of skills & experience from the course teacher.

## ✓ The Practice

- Though various categories of assessment like a test, seminar, assignment, quiz, case study etc., are available for the course teacher, "Project-Based Learning" would be one of the best choices for evaluation, especially when the highest order of Bloom's Taxonomy viz., Design & Innovate are integral components of the evaluation system.
- Thus, it is recommended to practice PBL for at least one or two courses per semester per programme. The course teacher who is supposed to choose PBL as the teaching pedagogy will have to do preliminary home works and identify the various applications and problems which can be thrown to the students
- The course teacher would strongly emphasize the theoretical background during the course delivery and demonstrate the probable applications.
- Once the problem is defined, the students, either as a team or as an individual, can choose a project/application for demonstrating the theoretical knowledge acquired through the classroom discussion.
- As the project involves various skill sets, failures are bound to occur, and hence, a failed attempt should not be judged as unfavourable.
- Therefore, the various rubrics for the evaluation would be informed to the students during the first meeting of the class committee.

- For example, a course on "Soil Mechanics" can be taught through PBL. The course teacher would highlight the significance of the "bearing capacity" of different soils, and hence, before constructing any building, soil tests become essential. For this course, the different groups of students can be asked to collect various types of soil samples, conduct the required test and prepare a report accordingly. These reports would be submitted to the course teacher for evaluation. Then, based on the agreed rubrics for assessment, the marks would be awarded.
- Similarly, the course teachers who choose "PBL" as the teaching pedagogy would make the different students design, fabricate and develop either a model or otherwise.
- Some of the constraints in executing the PBL pedagogy include the financial support for carrying out the project, allocating time to work in a group, as several students pursue the degree programme in the day scholar mode, etc.
- However, the student's experience and the course teachers with respect to PBL pedagogy happen to be highly convincing. Hence, it leads to the better attainment of learning outcomes.

## ✓ Evidence of Success

- The attainment of course outcomes taught through PBL is high compared to other courses.
- For example, a core course on "EEB3101 Digital Systems and Integrated Circuits" was offered through PBL, for B.Tech(EEE) in the V semester of study, during July - Dec 2018
- The pass percentage and attainment of learning outcomes during 2018 was higher (89%), compared to the previous years (74% in 2017 & 71% in 2016), as well as compared to other courses (77% for Power System Analysis, 79% for Microprocessor & Microcontroller, 86% for Measurements & Instrumentation), offered in the same semester without PBL.
- In addition, these students have chosen the course concepts as a supporting tool for carrying out their mini and major projects for B.Tech(EEE) curriculum.
- In another example, for the course on "EEC391 Microprocessor and Microcontrollers", one batch of students took the problem statement of "Designing a Robotic Arm" to draw simple geometric figures. Then, they built a robotic arm consisting of PVC pipes and circuitry, including a servo motor & its control. This batch continued the same work

as their major project work, in which they fabricated 3D printed arms and sophisticated servo motor circuitry, leading to a better product.

#### ✓ Problems Encountered and Resources Required

- Some of the major problems encountered in executing the PBL pedagogy include the financial support for carrying out the project, allocation of time to work in a group, as several students pursue the degree programme in the day scholar mode, etc.
- Some students may find difficulty getting the lab slots during office hours for their PBL projects. A total residential campus may help the Institute accomplish this kind of task with ease.
- Some students would like to explore the industry assistance for the PBL but mostly landed in difficulties.
- Often, the students are motivated to work in a team, and it might be difficult for the course teacher to assess the actual performance of individual students.

#### 21. NAAC Accreditation and Graded Autonomy

## ✓ National Assessment and Accreditation Council (NAAC)

NAAC Peer Team Visit Date:	03.02.2021 to 05.02.2021
Grade:	A+
Score:	CGPA of 3.33 on four point scale
Validity Period:	08.02.2021 to 07.02.2026

#### ✓ NAAC – Peer Team Observations

#### Three Major Features of Institution

- Setting up of University Innovation and Incubation Council under section 8 to encourage the students and faculty for having their start-ups to provide affordable solutions to the problems/ needs of the society in the contemporary context
- The curricula are revised once in every four years for 4 YEAR degree programmes and once in 3 YEARS FOR ACADEMIC PROGRAMMES OF 23 YEARS
- Attainment of program outcomes, program-specific outcomes and course outcomes is evaluated

#### Overall Analysis

Since the last NAAC cycle, the University has continuously expanded physical infrastructure, academic programmes and student enrollment. The entire curriculum of the University is based on course outcomes and program outcomes. The University has created a reasonably good innovation and start-up culture over the years. Further, to encourage quality in the research publications of the faculty, it has put in place an incentive mechanism for the faculty. To ensure a resilient teaching-learning process, the University has recently set up a facility for e-content development in a soundproof studio. It has been following Green practices aligned with sustainable goals (nos 4,6 & 7). Given the effective Governance system and the perspective plan of the University, there is every reason to be optimistic about the University's future growth.

## ✓ Category – II Institution (Graded Autonomy)

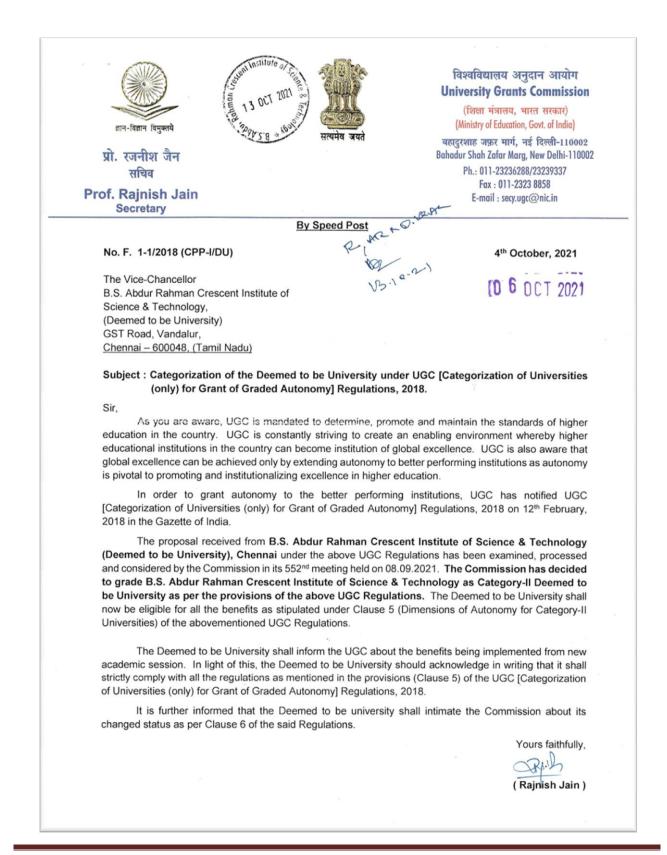

Categorization of the Deemed to be University under UGC [Categorization of Universities (only) for Grant of Graded Autonomy] Regulations 2018

#### Benefits of Graded Autonomy – Clause 5

- Start a new course/programme department/school/ centre.
- Permission of starting off-campus centres by Institutions Deemed to be Universities, no inspection of the Commission shall be required.
- Universities may start skill courses consistent with the National Skills Qualification Framework without the approval of the UGC.
- Hire, without the approval of the Commission, foreign faculty having taught at any institution appearing in the top five hundred of any of the world-renowned ranking frameworks
- Shall build in an incentive structure to attract talented faculty, with the condition that the incentive structure shall have to be paid from their revenue sources and not from Commission or Government funds.
- Universities shall be free to admit international students on merit subject to a maximum of twenty percent, over and above the strength of their approved domestic students.
- Universities may offer courses in the Open and Distance Learning mode, with the approval of the Commission.
